

Illness Support Family Holiday

Families Dealing with Illness

Illness often creates a life challenge that exceeds the resources and coping mechanisms of a child and family. A sudden diagnosis can cause great anxiety and having to deal with a long-term illness with ongoing treatments can lead to accumulated physical, emotional, psychological and spiritual stresses for all family members. During this time the child will experience many strong emotions, having to grieve the loss of health and deal with any unfinished business concerning their illness. The effects of this has emotional consequences for all family members.

Laughter

Illness Support Holiday for Families

Our Illness Support Family Holiday has been designed to cater for a family of a child diagnosed with a life-limiting or terminal illness. Our holiday delivers individualised help and support for each family member. Paradise Kids will provide a fully funded five day holiday for a local family and a fully funded five to seven day holiday for families coming from rural and interstate areas. Whilst enjoying a break here on the Gold Coast in our onsite Living Well House the family will receive counselling, participate in special activities and create family memories to cherish through the difficult times ahead.

Sharing

Our Holiday House

Our beautiful Living Well House is located at 11 Dunkirk Close, just off Allied Drive, in Arundel. It is a large fully furnished home styled in a coastal theme to reflect the local surrounds and is able to accommodate two families at a time.

Love

An Illness Support Holiday Includes:

- *Flights and transfers to and from our Holiday House.*
- *Accommodation in our onsite Holiday House.*
